**NEW AND  
IMPROVED**

High visibility, durable marks.

## Introducing the New Markal® Valve Action® Paint Marker, Designed From the Inside Out for 21st Century Industry

The New Markal® Valve Action® Paint Marker marks with real paint leaving permanent, durable, highly visible marks. It can be used for parts identification, quality control marking, layout and cut lines and color coding on almost any non-porous surface. With a new, faster drying, low chlorides, Xylene-free paint, the tough new Dura-Nib tip and the convenient ClipGrip cap, the New Valve Action® Paint Marker increases marking performance while eliminating environmental and regulatory problems that may exist with other paint marking products.

### FEATURES:

- **NEW** xylene-free paint formula eliminates concern about California Proposition 65, OSHA HAPS or OSHA SARA 313 compliance
- **NEW** faster drying paint reduces smears and removed marks while allowing almost immediate handling of marked items
- **NEW** low chlorides/low halogens paint formula. Now all colors are low in chlorides and halogenated compounds, eliminating the need for a separate marker for the stainless steel fabrication and nuclear power industries
- **NEW** ClipGrip Cap for convenient pocket storage and easier removal
- **NEW** Dura-Nib medium bullet tip allows writing on rougher surfaces than conventional nibs and holds up better in tough applications
- 14 colors satisfies any industrial application or quality control identification need
- Excellent all surface marking with durable, fade resistant, high visibility marks
- Temperature range: -50°F to 150°F (-46°C to 66°C)
- Made in the U.S.A.
